an exploration of the rapid development of african christianity offering an analysis and interpretation of its movements and issues

the spectres of marx and lenin have long loomed prominently in africa and asia and they still do so in the 21st century many of the founding fathers of postcolonial republics believed socialism could transform their societies yet what socialism meant in theory and in practice has always been highly heterogeneous and differed markedly from the european experience african and asian movements did not simply mimic the ideas and institutions of soviet or european marxists but endeavoured to define their own experimenting with a variety of interpretations and in the process adapting doctrines and templates to their unique contexts this volume brings together anthropologists historians and political scientists from around the world to reflect on three great challenges which various types of socialists in africa and asia have had to simultaneously contend with in their articulations of liberation how to build up empirical and juridical statehood how to forge a nation after colonial divide and rule and how to position themselves in an international order not of their making in a post colonial world this helps centre a key question running through the different chapters what can african and asian imaginaries institutions and practices tell us about socialism as a global phenomenon the chapters in this book were originally published as a special issue of third world quarterly

this book offers detailed ethnographic studies from africa and the caribbean to explain aids in a global and comparative third world context the essays move beyond medical or epidemiological models explaining the epidemic in its economic social political and historical contexts

when the state and business interact effectively they can promote a more efficient allocation of scarce resources appropriate industrial policy and a more effective and prioritised removal of key obstacles to growth than when the two sides fail to co operate or engage in harmful collusion this book based on original empirical research undertaken in africa and india addresses what constitutes the effectiveness of state business relations what explains their formation and evolution over time and whether effective state business relations matter for economic performance analysing the effects of state business relations on economic performance at both the macro and micro levels the book concludes that where effective state business relations are established either through formal or informal institutional patterns and relationships the growth effects are generally positive establishing sustaining and renewing effective state business relations are political processes the better organized the business community and the government are for purposes of such relations the more effective state business relations will be in negotiating growth enhancing policies the book is of interest to researchers in the fields of development studies management economics and political science

this year s african economic outlook reviews recent economic social and political developments and the short term likely evolution of africa the focus is on africa s emerging economic partnerships
